Career Objective

Aspiring software developer seeking internship opportunities to apply full-stack skills and grow through real-world experience.

Technical Skills

Languages: Python, Java, JavaScript

Frontend: HTML5, CSS3, Bootstrap, React

Backend/Frameworks: Flask

Databases: MySQL

Tools: Git, GitHub

Soft Skills & Tools: Team Collaboration, Project Management, Deployment

Experience

Full Stack Web Developer Intern

OceanApps – Andhra Pradesh (Remote)

June 2024 – July 2024

- Developed a **Bank Portal Web App** using **PHP, Bootstrap, HTML, and MySQL**.
- Implemented core modules like account creation, transactions, and login system.
- Ensured responsive UI and seamless database interaction using MySQL.

ReactJS Developer Intern

OceanApps – Andhra Pradesh (Remote)

June 2025 – July 2025

- Created a **Book Management System** using **ReactJS (Frontend)** and **Node.js/Express (Backend)**.
- Developed features like adding, deleting, editing, and listing books with a REST API.
- Integrated **MongoDB** for data persistence and optimized data handling.
- Improved component-based UI structure and API handling using **Axios**.

Personal Projects/Awards & Achievements

Blogging Web Application | *Flask, HTML, SQL, Bootstrap.*

Jan 2025

- Developed a full-stack blog platform with admin login for creating, editing, deleting, and publishing posts.
- Implemented secure admin authentication and basic content editing features.
- Designed a responsive UI and successfully deployed the app for multi-device access.

Portfolio Website | **HTML, CSS, Flask (Optional), Admin Panel**

Jan 2025

- Developed a responsive personal portfolio to showcase projects and experience.
- Implemented an admin interface to update project descriptions, skills, and contact info without modifying source code.
- Designed with SEO-friendly structure and responsive layout for all screen sizes.
